Staying Focused

As 2016 quickly approaches, only a few weeks of class time remain before winter vacation. It can be difficult this time of year to stay focused; work obligations, family responsibilities, and holiday busyness all pile on top of each other. Where does studying fit into all of this? Please take a few minutes to make a plan for the next few weeks. What is a realistic goal for the next month? Can you commit to setting aside a few days a week for studying, or at least a few hours? It will not be easy, but, we promise you, it will be worth it. If you find yourself struggling to stay focused at home, please stop in to the Computer Lab, where you will find a quiet work environment and instructors ready to help!

Weekly Check-In

Please remember to check in with your instructors at least once per week. If you are not able to make it into the Computer Lab to work during a particular week, please either call or email us, and let us know what you have been working on, or if you have any questions or concerns. This is a state requirement. Any students who are not keeping in contact with their instructors cannot remain registered as active students. Thank you to those who have been doing a great job of staying in touch. We look forward to hearing from you EVERY WEEK!

Upcoming GED Test Dates

Here are the GED test dates for December and January:

- ⇒ Saturday, December 19, 2015
- ⇒ Saturday, January 16, 2016
- ⇒ Tuesday, January 26, 2016

Winter Break

Bangor Adult Ed will be closed for Winter Break from **Monday, December 21, 2015 - Friday, January 1, 2016**. The Adult Ed Computer Lab will reopen on Monday, January 4, 2016 at 9am.

GET UP TODAY
AND SAY,
"THIS IS GOING TO BE
A GREAT DAY.
I'M EXCITED ABOUT
MY FUTURE.
SOMETHING GOOD IS
GOING TO HAPPEN
TO ME."

Spread the Word!

Do you know someone who has been talking about going back to school to get either their diploma or a GED certificate? Send them our way! The New Year is a great time to start working toward that goal. We can help make it happen! Registration is quick and easy. New students should stop by the office during regular school hours with a photo ID. They should be prepared to fill out registration paperwork and then take the state TABE test (approximately 2 hours) to get started.

Kudos Corner

CONGRATULATIONS to
the following students
who have passed GED
tests during the 2015-
16 school year:

Crystal McCoy

Taking Notes

If you are working in either Edgenuity or PEAK to earn high school credit, please remember to take good notes for all of your lessons. Not only will your notes be a great help when it comes time to take quizzes and tests, they are also a requirement and worth 10% of your grade! Not sure what good note-taking involves? Come see one of your instructors in the lab—we are always happy to help! Remember, YOU are the REASON we're here!
